

***"Emergency preparedness is a team sport."***

Do you want to be part of the largest hospital-based exercise in the nation? We are seeking volunteer management (VM) workers for the annual Central Florida mass casualty exercise. VM workers prepare and manage the victims who go into the hospitals to test medical surge.

More than 80 hospitals are participating, along with approximately 2,200 victim volunteers, so we need your help! This is a great opportunity to play a part in improving Central Florida's response capabilities.
