

Region 5 Command Trailer Request & Deployment Process

The Central Florida Disaster Medical Coalition received a command trailer from the Florida Department of Health (as did the Coalitions in Regions 1 and 4). The command trailer is housed at the Coalition warehouse at the Lake Square Mall in Leesburg. The trailer includes office space, kitchen, bathroom, and bunks (see attached specifications). It has a gooseneck hitch for pulling.

This command trailer is a regional asset and is available to RDSTF partner agencies. To request the trailer, see attached request form and email to info@centralfladisaster.org

The Coalition will review the request, notify the requestor of approval or any additional information or issues with the request.
