The major goals are:

- 1) facilitate information sharing among participating CFDMC members and with jurisdictional authorities to promote common situational awareness
- 2) facilitate resource support by expediting the mutual aid process or other resource sharing arrangements among CFDMC members and support the request and receipt of assistance from local, State and Federal authorities
- 3) facilitate the interface between the CFDMC and appropriate jurisdictional authorities to establish effective support for healthcare system resiliency and medical surge
- 4) build and/or strengthen local health capacity and capabilities in the event of an emergency or disaster
